The Olympic Games have officially kicked off. Tony Blair and Princess Anne were among the thousands in the stadium at Athens. Meanwhile, two of the host country's top athletes have been given time until Monday to explain why they didn't turn up to drugs test. Kostas Kenteris and Katerina Thanou could now be booted out of the games. They're now both in hospital after a motorbike crash. **(08)**

- b)** Identify tenor, mode and domain of the following discourse and state at least four features of register in it **(08)**

While the Olympics offer a chance to see raw, unbridled power and athleticism, the games have also come to be known for showcasing and celebrating the sexy athleticism of the human form.

And beach volleyball, which debuted as a medals sport in 1996 Atlanta Olympics, has become one of the most popular spectator sports-in part due to the bikinis worn by women players and the muscle-baring singlets for the men.

The sport was a big attraction at Sydney 2000. One Bondi Beach, it attracted the fifth largest TV audience of the 28 sports.

This time too, the bikini-clad teams were a sell-out. So has the media gone overboard? But naturally.
