The Croatians are proud of their cuisine but it is their truffles that brings foodies to Zagreb. No meal is complete without the prized truffles. There are three kinds of truffles that grow in the forests of Istria besides the white truffle as well. In the same city the Dolac Market is a daily farmers market, where you can buy everything from fruits to vegetables and flowers to souvenirs. Red umbrellas greet you the moment to step in here. This is where I shopped for liciter, the symbol of Zagreb as the pretty wooden red hearts are found everywhere. The city beats to the rhythm these hearts which were actually "gingerbread hearts" gifted as tokens of love during the medieval era. I was lost in the world of dreams as the lights of the city came up.
