Our forests are important sources of natural wealth, covering one-fifth of country's land area. They supply the timber for the railways, buildings and furniture making. (They also supply) the (fuel for cooking) and the bamboo for paper making. (Medical herbs) also come from the forests.

Unfortunately, forests were ruthlessly cut down in the past few years. While the forests are disappearing, the demand for timber is growing. We must, three for, protect and develop our forests. *Vanamahotsav* is an important step in this direction. It is observed for a week in July every year. During this week, lakhs of saplings are planted throughout the country. This being done to restore our fast disappearing forests.

Still, deforestation poses a serious threat to forests on the earth. Deforestation causes soil erosion, sudden floods and global warming.
